

The map displays the Bethel, Alaska region, characterized by a dense network of roads and numerous small settlements. Bethel is centrally located, with other notable towns like Unalakleet and Umanak to the north. The map includes a grid of latitude and longitude lines, with coordinates such as 66°N and 158°W visible. Various geographical features, including rivers and lakes, are depicted. The map is annotated with numerous labels for towns, villages, and specific locations, providing a comprehensive overview of the area.

Proposed T-275 Amendment: WP ZIKNI to BET VORTAC
